

Solidarity appeal for support Gondolkodó Autonomous Bookshop, 2014

Gondolkodó Autonomous Bookshop functions since 21 years in Hungary, Budapest. It is a distribution place for the publications of the workers' movement (we distribute and archive communist, libertarian communist, left communist, anarcho-communist, anarchist, autonomous, Marxist, anarcho-syndicalist and other publications). It is a meeting point for comrades, sympathizers, activists, friends. We run an archive/library of classist literature, organize discussions etc. Gondolkodó is the only continuously functioning radical classist distribution place in the Eastern European region. We need regular support from comrades, sympathizers, activists, friends. We ask you also to support us! We have to maintain the place and our activity needs financial backing, which we cannot reproduce within the ever worsening living conditions. Hungary is a very conservative country, it is nationalist with strong fascist tendencies – all these combined with the world-wide crisis of capitalism force us to ask your regular support to maintain the functioning of Gondolkodó. Please circulate our appeal and support us according to your possibilities. If you can send 10 Euros, please do so, if you can send more, please do it – every support is extremely important for us!

Comrade, sympathizer, activist, friend – we're glad if you support us and circulate our appeal. Greetings in the name of internationalist proletarian solidarity:

Gondolkodo Autonomous Bookshop
